Welcome to our delightful Kindergarten Winter Program! Over the next week, we will embark on a magical winter adventure filled with fun and creativity. During the week, the children will enjoy cozy hot chocolate, perfect for warming up as we dive into exciting crafts. Our snowman craft will let them build their own frosty friends, while the snow globe craft will capture the essence of winter wonderlands in a jar. We're looking forward to a week of joy, imagination, and festive cheer!
