Afterschool ② 16:00-17:00	Coach Yu Gymnastics	Aaron Math FUNdamentals	Meghan Art in Motion	Rechie English	Richard Phonics Club

Teacher	Name of Class	Description
Meghan	Art in Motion	Welcome to Kindy after school! This term, we will be focusing on moving our bodies. We will learn about animals and stretch with baby yoga, and, we will learn new songs and sing and dance together. We may even make a musical instrument. It will be so fun – please join us!
Coach Yu	Gymnastics	Gymnastics teaches students how to move and control their body better than any other sport! Also Gymnastics teaches the fundamental movement and sports skills that are at the core of every other sport. Fundamental movement skills include skills like climbing, swinging, balancing and landing. That's why it's not only a great sport on its own, it's also the ideal springboard to all other sports – a fact that's recognized by The International Olympic Committee.
Richard	Phonics Club	Read a new story together each week, discuss the themes of the story and explore the vocabulary phonetically. Use the phonics we have learned to play fun games using English!
Aaron	Math FUNdamentals	In this class we will learn the basics of maths. We will have worksheets and fun activities to help with the learning process.
Mariko	Japanese	The aim of this class is to acquire rich vocabulary expression in addition to necessary reading and writing skills. The class is taught by a Japanese teacher with teaching experience of more than seven years.
Rechie	English	Learn the basics and help your English ability grow through lessons, activities and fun! Advance your education and learn to read and write in a new language.
