

Spring Program

DATES	WINTER FESTIVITIES	DESCRIPTION
Mar 27	 Kitayama Botanical Garden Trip	Let's begin the week by experiencing what makes spring time so special. Experience the beautiful nature at Kitayama Botanical Garden. This environment is perfect for stimulating children's senses and cultivating curiosity about the world around them.
Mar 28	 Cherry Blossom Tree Craft	It's the time of year when the whole of Japan is coated in magical cherry blossoms. Let's celebrate this time of year by creating beautiful artwork together. Making intricate crafts is a great way to explore and further develop fine motor skills.
Mar 29	 Spring Fresh Pasta Primavera	Spring time is the best time to make Pasta Primavera! Pasta primavera makes the most of the first vegetables of spring. Asparagus, broad beans, peas, spring onions, courgette, broccoli and even fresh tomatoes can be used! Let's cook together using fresh, healthy ingredients!
Mar 30	 Sakura Picnic	We will begin the experience by shopping for our ingredients. Next, we will make delicious sandwiches for our picnic. Seasonal fruits and snacks will also be included in our lunchboxes. Once we are all prepared, we will set off for our picnic in the park surrounded by beautiful cherry blossoms!
Mar 31	 Rokko Farm Trip	Let's finish the spring themed week with a trip to the farm! Spring is about the cycle of life, so what better place to experience this than at the farm! Children will get the opportunity to pet animals big and small! They can even feed some of the animals if they are feeling brave!
